The Light Millennium invites YOU to present YOUR ideas, work, action plan, and visions towards the United Nations’ Sustainable HUMAN Development Goals in order to make them visible and available globally as well as seeking your collaboration and partnerships to it!

Towards the Sustainable HUMAN Development Goals in Post-2015:

**WHAT IS MY ACTION PLAN?**

*Have you asked this question to yourself?*

This project offers a specific mechanism along with multi-facet web and physical platforms in order to promote doable/action based ideas, bring those onto global surface from every corner of the world, connect, share, create an opportunity to develop global partnerships for implementable ideas/projects/plans towards solution based on a defined specific problem or chronic issue for the sustainable human development and improvement quality of lives in all levels as well as environmental sustainability in the Post-2015.

**First stage deadline for Submission:** Monday, October 20, 2014
